## WORK EXPERIENCE

### Blockchain Frontend Developer TRINETIX

05/2022 - 04/2023

Remote

#### Achievements/Tasks

- Developed an interface for a new supply chain management application that utilized blockchain technology.
- Implemented several complex data visualizations, such as heat maps and interactive charts, to help users visualize and analyze the data collected by the blockchain.
- Developed a clean, modern interface that featured simple navigation, clear labeling, and intuitive workflows.

### Blockchain Frontend Developer SEROKELL

05/2020 - 04/2022

Remote

#### Achievements/Tasks

- Successfully launched several blockchain-based applications: Supply chain management, Voting systems, Decentralized marketplaces, Identity verification systems with Web3.js and Ether.js.

### Blockchain Frontend Developer UNICSOFT

09/2019 - 04/2020

Remote

#### Achievements/Tasks

- Successfully launched several blockchain-based applications: Supply chain management, Voting systems, Decentralized marketplaces, Identity verification systems with Web3.js and Ether.js.
- Improved user experience by implementing intuitive interfaces using Tailwind CSS.
- Contributed to the development of new blockchain features
- Maintained high standards of security and data integrity.

### Blockchain Frontend developer Web3Auth

07/2018 - 07/2019

remote

#### Achievements/Tasks

- Experience in fast-paced environments with quick delivery and iteration cycles

## SKILLS

React

Next.js

TypeScript

Svelte

Web3.js

Python

Tailwind CSS

Git

CI/CD

DLT

Rust

Smart Contract

Solidity

Kanabn

Scrum

Web Sockets

Jest

## EDUCATION

### Bachelor of Science University of California

10/2014 - 04/2018

## QUALIFICATION

- 5+ years of experience working as a product designer
- Proven track record of working closely with Marketing, Product
- Demonstrable experience working in developer-focused products
- Solid understanding and ability to execute each stage of the design process
- Ability to manage and take end-to-end ownership of projects
- Excellent written and verbal communication skills with the English language
